

Meet Your Coach

Nohe has been involved with Waco Juniors from the start, helping to launch the club scene in Central Texas. He has coached at several different high school programs around the area and helped numerous athletes gain college scholarships to play at the next level. Nohe is a very detailed fundamentals coach that brings teams to play at a higher level by increasing IQ as well as skill. We are honored to have him be involved with our Directors Player Development role for the entire club as well as hands on with clinics and training. We have seen his success yearly through the national teams he coaches and are lucky to have him continue his loyalty with Waco Juniors.
