

Meet Your *Coach*

Callan played varsity volleyball at Lorena High School for 4 years and then went on to play division I college volleyball, finishing her collegiate career at Drake University in Des Moines, Iowa. Callan graduated with a degree in social work in 2021. This is her second season coaching for Waco Juniors. She has coached high school camps, club camps, given private lessons throughout the years and absolutely loves getting the opportunity to positively impact players that share the same love for volleyball. She is so excited for this upcoming season!
