

Meet Your *Coach*

Sarah moved to Waco in 2020 to attend Baylor University where she will graduate in May. She is currently student teaching with plans of becoming a Physical Education teacher and has had a passion for sports and fitness since she was young. Back in California, she played volleyball from elementary through high school as her teams setter on both school and club teams. This is Sarah's first season coaching at Waco Juniors and she is excited to share her love of the game with all of the athletes!
