

Meet Your *Coach*

Kaitlyn fell in love with the game in 3rd grade. She moved to Texas in 2016, as a sophomore at Midway High School and quickly made an impact on the team. While in high school, she also played on the top teams at Waco Juniors. After high school, she earned a scholarship to Hill College for the next 2 years where she played all front row positions, but mainly OH and RS. Her volleyball career was unfortunately cut short after going through 2 shoulder surgeries. While she is no longer able to compete, she enjoys teaching and helping young girls excel in the sport, and her goal is to help others learn to love volleyball and make lots of great memories with their friends and family during volleyball season!
